

17.15.010: PURPOSE:

The purposes of the sand and gravel overlay zone are:

- A.To provide areas to promote and protect the opportunities for the extraction of mineral resources which are necessary to the continued economic development of the county;
- B.To inform current and potential residents of the county of the possible location of future mineral extraction locations;
- C.To help identify locations within which mineral extraction may occur throughout the county. (Ord. 2006-12, 9-26-2006)
